

LAST OF DIXON'S GAS COAL IN FURNACE TODAY

Some Illinois Mines To Attempt To Reopen Monday Morning

NINE GOVERNORS MEET TOMORROW TO PLAN ACTION

Gardner of Missouri Issued Call Today for Conference.

BULLETIN.

By Associated Press Leased Wire
St. Paul, Minn., Nov. 29.—It was admitted in high railroad circles here today that the federal railroad administration is preparing to make drastic decreases in its passenger train services throughout the United States if the coal situation becomes critical. The reduction of passenger service from the twin cities may involve 160 trains, it was said.

By Associated Press Leased Wire
Jefferson City, Mo., Nov. 29.—Gov. Frederick Gardner, of Missouri, today invited the governor of nine states to meet at St. Louis tomorrow to discuss the situation arising from the bituminous coal miners' strike.

The governors invited are those of Illinois, Ohio, Iowa, Kansas, Oklahoma, Arkansas, Tennessee, Kentucky and Indiana.

By Associated Press Leased Wire
Chicago, Ill., Nov. 29.—Immediate results in increased production of bituminous coal were not expected today to follow the government's announcement that it proposed to see mining begin and posting at the shafts by the operators of notice of the granting of a 14 per cent wage increase.

On the other hand miners' spokesmen generally predicted that few men would return to work under those conditions, adding that the offer would be ignored especially in the great fields of the central competitive area, embracing Ohio, Illinois, Indiana and Western Pennsylvania.

Milder weather today over much of the country brought much needed relief in force in many places, notably Kansas City, Mo., Omaha, Neb., and Indianapolis and the entire southern region, state and local officials today considered further means of warding off a famine.

In Kansas Gov. Henry J. Allen went ahead with plans for opening the state coal mines today. He said 4,000 men had volunteered and he conferred last night at Kansas City, Mo., with Maj. Gen. Leonard Wood, commander of the Central Department of the United States army.

OKLAHOMA MINES TO OPEN

By Associated Press Leased Wire
Oklahoma City, Okla., Nov. 29.—Dorset Carter, president of the Oklahoma Coal Operators' association, announced today to the state council of defense today that the Oklahoma coal operators would throw open their mines to non-union labor immediately and would defray expenses of the state guard protecting non-union workers should the state's request for federal troops be refused.

BARRACKS FOR TROOPS

By Associated Press Leased Wire
Pittsburg, Kan., Nov. 29.—The state has taken over the buildings and grounds of the state manual training normal for the accommodation for soldiers ordered to Pittsburg in connection with the operation of the coal mines.

2,000 Trainmen Will Strike at Kansas City

By Associated Press Leased Wire
Kansas City, Mo., Nov. 29.—Two thousand railroad trainmen and yardmen of Kansas City are to go on a strike at 4 o'clock this afternoon, according to an announcement by local Brotherhood of Railway Trainmen officials.

All of the railroads entering Kansas City will be affected with the possible exception of the Chicago, Rock Island & Pacific. The strike was taken at an early hour this morning. It was said the strike order resulted from local grievances and it was hinted that a radical element among the railroad workers was responsible for its issuance.

Service in Sterling.—The pastor of St. Luke's, Rev. H. M. Babbin, will conduct the service at Grace church. The service there begins at 5 o'clock.

To Attend Funeral.—Mr. and Mrs. P. H. Muehle and Mr. and Mrs. Michael B. Muehle of Marion, Ill., are to Chicago Tuesday to attend the funeral of Patrick O'Connell.

HALF TON OF DEER

Dixon Hunters' Bag Exhibited at City Market Today

A sight that is very seldom witnessed, even in the larger cities, attracted people today to the City Meat Market on Hennepin avenue, where seven deer hung in front of the shop. This number represents more than a half ton of fresh venison which was shipped from the Deer River region in northern Minnesota by seven Dixon hunters where they had been camping for about two weeks. Some of the party are back home, the others coming by automobile. The biggest and most attractive member of the exhibit is the big 18 point buck that was brought down by Lex Hartzell on the first day of their trip into the woods.

Shot Woman He Loves Then Gave Own Blood Effort to Save Her

By Associated Press Leased Wire
Washington, D. C., Nov. 29.—Mrs. Florence Robinson, comely young matron lying near death in a hospital, and Grover Gordon, little more than a youth, who because, he said, he loved her, yesterday shot the woman through the body and who for the same announced reason twelve hours later kept her alive by giving his blood for transfusion to her veins, today were the principals in one of the most remarkable crime incidents in Washington police history.

Following a jealous quarrel recently Gordon yesterday went to the home of the young woman, who some time ago had separated from her husband, to bid her final good-bye as he expected to leave that day for his old home in Wheeling, W. V. As she stood in his embrace Gordon fired a revolver shot through her body.

Physicians today said it was too early to say whether the operation would save Mrs. Robinson's life. In the meantime the police were wondering what the effect would be should the woman whom Gordon had tried to kill be saved from death through his own sacrifice of blood.

3 NEW WITNESSES GALLAGHER KILLING

Three hitherto unknown witnesses in the murder of Attorney James P. Gallagher formerly of Sterling, were found yesterday by investigators in Chicago, but their identity has been withheld until subpoenas can be served and they can be questioned. They are said to have been three men, who were riding in Michigan avenue in an automobile, coming in sight of Attorney Gallagher just as the assassin fired the fatal shot.

BANQUET FOR NATION-WIDE CAMPAIGN WORKERS

On Monday evening at the LaSalle hotel, Chicago a banquet will be served the workers of the Chicago diocese in the Nation-Wide campaign. It is expected that 1,200 will attend and of this number five will represent St. Luke's church of Dixon, the rector, Rev. H. M. Babbin, and four laymen, Bishop Anderson, of the Chicago diocese, Bishop Wise of the Kansas diocese, Louis Franklin, at one time head of the War Liberty Loan campaign, and Dr. Patton, of New York, will be the speakers.

Ministers' Meeting.—The Ministerial association will meet at the Y. M. C. A. rooms on Monday at 10:30. There will be special business, let all be present. Rev. J. H. Johnson will give the address.

Is Grateful For Fruit.—Arthur Dewey appreciates and wishes to express his thanks for the bountiful basket of fruit sent by the Mystic Workers to him.

THE WEATHER

SATURDAY, NOV. 29, 1919

By Associated Press Leased Wire
Chicago and vicinity: Rain, turning to snow with a cold wave tonight; lowest temperature about 28 degrees above zero; Sunday cloudy and colder; northwesterly gale.

Illinois: Unsettled and much colder tonight with rain in north portion turning to snow; cold wave; Sunday partly cloudy and colder; strong northwest winds.

FORECAST FOR NEXT WEEK

By Associated Press Leased Wire
Washington, D. C., Nov. 29.—Weather predictions for the week beginning Monday, issued by the Weather Bureau today, are:
Region of the Great Lakes—Temperature considerably below normal first half of week, unsettled second half, probably occasional snow or rains. Cold early in week; nearly normal temperature thereafter.
Upper Mississippi Valley—Fair first half of week, unsettled second half, probably occasional snow or rains. Cold early in week; nearly normal temperature thereafter.

MAY ASK A. B. C. GROUP TO TAKE UP MEX. MATTER

State Dept. Again Issues Statement It Will Stand Pat

By Associated Press Leased Wire
Santiago, Chile, Nov. 29.—The Nation today says it has learned from well informed diplomatic circles that there is a possibility of mediation by the government in the A. B. C. group (Argentina, Brazil and Chile) with the object of composing the difference that have arisen between the United States and Mexico over the case of Consul Jenkins.

U. S. TO ENFORCE DEMAND

By Associated Press Leased Wire
Washington, D. C., Nov. 29.—Although denials from Mexico City to the reported fighting there between followers of President Carranza and Gen. Alvaro Obregon, presidential candidate, served to case the tension of the relations between Mexico and the United States, the State Department today had not altered its determination to enforce the demand for the prompt release of American Consul Agent Jenkins, imprisoned on the charge of conniving with his bandit captors.

On top of the already delicate Mexican situation was the report of the murder of another American, W. H. Wallace, oilman, who was shot down by a Carranzista soldier. This, combined with the Jenkins case, was expected to spur the State Department to strong diplomatic action against the Carranza government, which has been warned repeatedly against mistreatment of American citizens.

Mexico probably will be called upon for a showdown once and for all if the repeated killing and molestation of American citizens continue and the American consul agent remains confined in prison on what American officials believe are trumped-up charges.

Eight Americans have been killed in Mexico within the last few months and government officials and members of congress have expressed indignation over the apparent laxity of the Mexican government in dealing with the outlaws.

Angeles' Son Plans to Carry on Revolt

By Associated Press Leased Wire
New York, Nov. 29.—Alberto Angeles, the 23-year old son of General Felipe Angeles, who was executed by a Carranza firing squad at Chihuahua City last Tuesday, hopes to take up the work in which his father died—that of establishing in Mexico, "a democracy that will respect its international obligations and its own constitution," he said in a statement made public here today.

As newly created head of the Angeles family, the youth said he must first look after the financial welfare of his mother, sister and younger brother. Once he has accomplished this, he said, he would go to Mexico to take up the fight.

"My father's death will solidify the cause for which he fought," he said. "I can state my conviction that my father's friends will not remain inactive."

Senora Angeles, the general's widow, still was ignorant today of her husband's execution. She is critically ill and relatives fear the shock of the news would cause her death.

Fresh Advances Mark Corn Market Today

By Associated Press Leased Wire
Chicago, Nov. 29.—Stormy conditions likely to hold back the crop movement led today to fresh advances in the corn market. Uneasiness over the coal strike and the Mexican situation tended also to put bears at a disadvantage. What selling there was came mostly from the holders who wished to realize profits. Opening prices, which varied from the same as yesterday's finish to 1 1/4c high, closed 1 1/4c to 1 3/4c higher, followed by material gains all around.

ats were relatively easy. For the most part, trade was of a local character. After opening unchanged to 1/2c 5/8c lower, including May at 77 1/2c, the market scored a slight advance.

Heavy curtailment of land shipments had a bearish effect on provisions. High quotations on corn and hogs failed to check weakness.

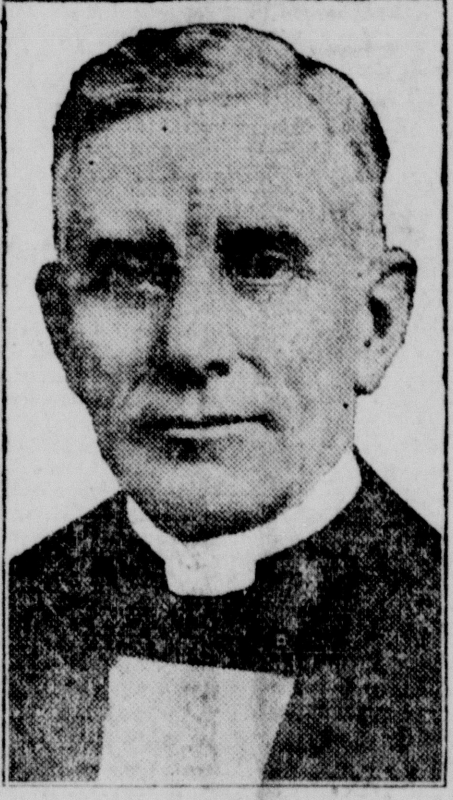

In the last hour, a sharp setback took place as a result of sudden heavy selling through commission houses. The close was weak, 5c to 2c net lower, with December 1.35 1/2 to 1.36 1/2 and May 1.39 1/2 to 1.41.

HEATLESS CARS IN TRICITIES

By Associated Press Leased Wire
Rock Island, Ill., Nov. 29.—Heatless street cars were inaugurated this morning in Rock Island, Moline and East Moline, Ill. and Davenport, Iowa. It is reported that the new utility will last but a little more than a couple of weeks longer.

S. S. Recruiting Campaign.—The Sunday school of St. Luke's Episcopal church will hold a recruiting campaign on Sunday afternoon. Later on the workers will return to the church where they will be served refreshments.

CHURCH STRATEGIST URGES UNITED DRIVE

Rt. Rev. Arthur S. Lloyd, D. D.

Bishop Arthur Selden Lloyd, president of the Episcopal Board of Missions, heads one of the three general organizations of the Episcopal church most interested in its nation-wide campaign. Bishop Lloyd was chairman of the organization which successfully presented to the Episcopal convention the idea of a nationwide campaign to expand all its activities—missions, religious education and social service.

As head of the Board of Missions, Bishop Lloyd advocated the strategy of a general advance in the whole mission field, at home and abroad, rather than a series of separate sorties on the various fronts. To carry the ideals of Americanism and Christianity to the greatest numbers at the same time the church's nationwide campaign was launched to obtain the men, women and money for the work.

Bishop Lloyd was born in Mount Ida, Va., in 1857. He was consecrated a bishop in 1909. In 1910 he was elected president of the Episcopal Board of Missions, heading one of the most important, if not the most important, general body of the Episcopal church.

West Aurora to Meet New York Team Dec. 6

By Associated Press Leased Wire
Aurora, Ill., Nov. 29.—West High of Aurora and Flushing High preparatory school champions of New York City, will meet in an inter-sectional clash at New York City, Dec. 6, it was announced here today. West High defeated the unbeaten East High eleven Thanksgiving Day and thereby established claim to the football championship of the Illinois high schools conference.

WOULD ENJOIN BLAIR

By Associated Press Leased Wire
Springfield, Ill., Nov. 29.—In an effort to compel State Superintendent of Instruction Francis G. Blair to revise the list of prices on school text books, the Albright & Stehman Publishing Co., of Chicago today filed a petition with the Supreme Court asking permission to obtain a writ of mandamus ordering the state superintendent to fix new prices.

DECIDE STOCKTON ROUTE

By Associated Press Leased Wire
Springfield, Ill., Nov. 29.—The preferred route for the bond issue road between Chicago and Stockton was announced today by Clifford Older, chief highway engineer. The road would connect the following larger cities and towns: Elgin, Pingree Grove, Marengo, Belvidere, Rockford, Freeport, Elroy and Stockton.

ELKS FAIR ENDS TONIGHT

The Elks annual fair which has been in progress as Rosebrook's hall for a week past, will close this evening. The fair this year has been very largely attended and it is expected that another big crowd will be present this evening.

MOVE TO VIRGINIA

Robert M. Brewer and family, of Route 2, expect to leave Monday for their new home, Little Falls Farm, Fredericksburg, Va.

SON IS BORN

Mr. and Mrs. LeRoy Graves are the parents of a son, born Friday.

Evangelistic Services.—The evangelistic services at the Presbyterian church in Franklin Grove are productive of good results and are marked by good sermons, good singing, and large audiences. Rev. J. M. Tildon, of the Presbyterian church of Dixon, has been in charge of the singing this week, with the exception of this evening, and will continue through the next week.

PEORIA DISTRICT OPERATORS OFFER MEN NEW WAGE

General Return of Men is Not Expected By Owners, However.

BULLETIN.

By Associated Press Leased Wire
Springfield, Ill., Nov. 29.—Operators throughout Illinois posted notices at their mines today that miners returning to work would be granted a 14 per cent increase as proposed by Fuel Administrator Garfield. Whisties would be blown this evening summoning the night shift to work, the operators said, but they admitted they expected no general response.

BULLETIN.

By Associated Press Leased Wire
Peoria, Ill., Nov. 29.—Operators in this vicinity will at once attempt to open mines on the basis of the 14 per cent increase in wages to miners as fixed by Fuel Administrator Garfield and with no change in conditions of employment. Advertisements announcing this were inserted in afternoon papers here today signed by twenty companies of Peoria, Tazewell, Fulton and Mercer counties.

AWAIT STATE OFFICIALS

By Associated Press Leased Wire
Springfield, Ill., Nov. 29.—Coal miners and operators in Illinois today awaited the return of their representatives, who attended the unsuccessful coal conference at Washington. Until these representatives return there will be no attempt to effect a settlement or resume mining operations.

Neither side would indicate today what the next step might be but there were indications that an effort might be made to effect a state settlement in order to permit the resumption of mining and prevent a coal famine which is now not far distant.

Frank Farrington, president of the Illinois miners, is expected here tomorrow. Miners' officials here would not say what his attitude might be toward a settlement with the Illinois operators.

There was no indication today that any of the miners would attempt to reopen by offering the miners the 14 per cent increase suggested by Fuel Administrator Garfield. Miners insisted this increase was not satisfactory and operators admitted that if they did not do so they expected no great response from the miners to a 14 per cent offer.

BATTLE GROUND CHANGES.

By Associated Press Leased Wire
Washington, D. C., Nov. 29.—The battle ground in the conflict over a new wage scale in the bituminous coal industry, which has centered here during two weeks of fruitless negotiations, today shifted to the various fields in all sections of the country.

Operators returning home to attempt to reopen their mines, and ready to pay the 14 per cent wage advance suggested by Fuel Administrator Garfield, received the assurance of the government that troops were ready to protect from violence any miners wishing to return to work. At the same time notice was served that the failure of operators to co-operate with the government in restoring coal production to normal would result in federal control of the properties.

Federal district attorneys having been instructed relative to proceeding against either operators or miners restricting the output of coal, the Department of Justice simply awaited developments.

To Meet Pennsylvania Governor.—Operators in western Pennsylvania which is a part of the central committee competitive field, will meet Gov. Sproul of Pennsylvania, at Philadelphia Monday to discuss plans for porting miners wishing to return to work, according to information received here today by the operators' committee.

Those in close touch with the situation regarded this as the first indication of an attempt to break the strike in the highly organized central field. It was expected that general plans for all four states included in this field would be discussed when the operators' wage scale committee reconvened here Wednesday.

The call for the meeting said the purpose was to harmonize details of the proposed 14 per cent wage advance, but methods of bringing the strike to an end were expected to be the most important subject considered.

G. R. C. SUPPER.

The members of the Golden Rule Circle of the Grace Evangelical Sunday School are to meet Monday evening at the church for a scramble supper. Later a box will be packed for a home in Chicago.

To Return From Danforth.—Rev. J. H. Johnson, pastor of the South Dixon Evangelical churches, will be home from Danforth, where he has been conducting meetings, on Saturday.

Had Operation.—Miss Margaret Eberly submitted to an operation at the Dixon hospital on Friday.

NO SUGAR IN DIXON

Last of Grocers' Stock Will be Sold Out By Night

Dixon's sugar supply is rapidly diminishing and unless some relief can be obtained early in the coming week, the city will be sugarless. The grocery stores this morning in many instances were down to only a few pounds which supply was being carefully portioned out and in no case in more than the pound lots. By closing time tonight it is very probable that the sugar supply will be entirely sold out.

One of the big downtown stores said more than a thousand pounds on Wednesday when almost every other store in town was without sugar. This morning early, this same grocer had 60 pounds of sugar left in stock to last him through the day. The eating houses are also being hard pushed by the shortage of sugar. The sugar bowls were removed from the tables and counters several days ago and patrons are now asked whether or not they desire sugar in their coffee before it is served. The restaurants are saving sugar wherever possible in their cooking, but there is no incoming supply to reimburse the grocers whose stock will be exhausted probably before evening.

NEW ELECTRICAL FIRM WILL BE ESTABLISHED HEAD OFFICE IN DIXON

H. H. Heinze of this city, formerly with the Illinois Northern Utilities Co., is to head a new Dixon enterprise, announcement of which was made this morning, which will have its headquarters in the room now occupied by the Victory Sweet Shop, on or about Feb. 1.

The new firm is to be known as the Lee County Electric Company, and a number of Chicago men will be connected with the business with Mr. Heinze. The company will be contractors, dealers and manufacturers' agents in everything electrical, and will be one of the largest concerns of its kind in the state outside of Chicago.

Russian Soviet Asks Peace—Has Much Gold

By Associated Press Leased Wire
London, Nov. 28.—Russia's gold reserves are unprecedented and the soviet government is prepared to pay 440,000,000 rubles in gold for food, machinery and necessities according to a statement ascribed to colleges of Maxim Litvinov, soviet foreign minister, correspondent of the Daily Mail.

Litvinov is now in Denmark to negotiate with the allied nations relative to an exchange of prisoners, having been sent there by the bolshevik government of Russia.

Members of the Litvinov mission say an effort will be made to make peace and secure the raising of the blockade of Russia," the correspondent writes. "Great Britain alone is considered to be preventing peace between the soviet government and the Baltic states as well as Finland, whose independence the bolsheviks are prepared to recognize."

Though victorious militarily, the economic conditions under Nikolai Leninne are so dire that the soviet government has been greatly modified through the influence of Herr Krasin, bolshevik minister of trade and commerce and formerly manager of the Siemens-Halske Electric Co., of Berlin. Leninne is said to eagerly desire peace and a resumption of foreign trade.

Congress to Receive Message on Tuesday

By Associated Press Leased Wire
Washington, Nov. 29.—President Wilson's message to congress will not be transmitted until Tuesday, it was said today at the White House. It is expected to cover a wide range of subjects with particular attention to the industrial situation.

NEED COAST DEFENSE

By Associated Press Leased Wire
Washington, Nov. 29.—Necessity for the maintenance of defensive works at important and strategic points along the coasts of the United States is no less patent today than before the war with Germany, in the opinion of Maj. Gen. William M. Black, chief of engineers. His annual report published today, Gen. Black declared that "seacoast defenses had lost nothing in importance from the lessons of the war."

NAVY SCORED FIRST GOAL IN TODAY'S FOOTBALL GAME

Associated Press dispatches from New York, where the Army and Navy football teams met today in their historic struggle, were to the effect that the Navy was the first to score. King Neither team scored again in the first period, which ended with a score: Navy 3; Army 6.

King got another field goal in the third period, making the score: Navy 6; Army 9.

CONSTANTINOPLE.—French occupational troops have entered Marash, Aintab and Curfa in the Aleppo district.

OKLAHOMA CITY.—Gov. Robertson appealed to Secretary Baker for federal troops to protect miners willing to work.

Miss Mary Shank of Polo spent Friday evening with Miss Pearl Bartholomew in this city.

LAST SHOVELFUL OF GAS COAL TO BE USED TONIGHT

Miners' Strike Nearer to Dixon with This Announcement.

Dixon gas consumers must necessarily conserve the amount of gas used daily in order to prevent a condition which will ultimately result in no gas within a period of a week or ten days. Warnings issued by the Illinois Northern Utilities company officials here have been heeded but little, according to the reports from the gas plant, which shows that there has been no saving in the amount of gas used daily.

The last of the gas producing coal on hand at the Dixon plant will be used in the furnaces this evening. After this is consumed there is no immediate relief in sight and many Dixon residents may experience no end of discomfort. From present indications it is probable that the plant may, with a strict saving on the part of the consumers, be able to supply gas for a week but probably of an inferior quality. With the supply of gas producing coal used, the company will do all in its power to accommodate its patrons by using a grade of southern Illinois coal of much less gas producing quality.

All Must Conserve
The reduction will be much less than the demand which will in a few days result in a complete drain of the big storage tanks unless consumers heed the warnings and cut down on the gas consumption. In many instances, Dixon homes rely entirely on their gas ranges for cooking while other consumers have both coal and gas ranges. In order to have a gas famine it is urged that citizens having coal and gas ranges use the coal as much as possible or entirely, thus helping their neighbors who probably depend entirely upon the gas supply for cooking their meals and lighting.

Several cars of gas coal for the Dixon plant have been confiscated and are in state tracks in Chicago. The state administration promised some relief locally, but it has been learned that the railroad company has as yet received no orders to move these shipments. In all 50 cars of coal for use in gas plants operated by the Illinois utilities company in Dixon, Sterling, Mendota and DeKalb are held up.

DeKalb is the more fortunate of the four towns, having coal enough on hand to make gas for possibly 30 days. Mendota comes next with a fair supply. Sterling's plant can operate for another week with the supply on hand and Dixon will be shovel full of gas producing coal will be thrown into the furnaces this evening.

DETECTIVES ABANDON CHASE OF JAS. MILES

Detectives Knox and Gaynor who traced and followed James M. Miles, fugitive Chicago banker to Dixon and then lost the trail, were called into Chicago from Galesburg yesterday, and apparently the Cook county officials have given up hope of overtaking the absconder. His wife has told the authorities if she hears from him she will urge him to give himself up and face the music, but will not promise to disclose his whereabouts.

RYAN ADJUDGED SANE

Edward Ryan of Maytown was taken before a commission of physicians in the county court yesterday and tried as to his sanity. The commission found him to be of sound mind and it was the disposition of the court that he should be committed to the county home. The matter now rests in the hands of Supervisor James Buckley of Maytown.

CELEBRATION AT PAW PAW

Senator Adam Cliffe of Sycamore, who is expected will be elected Circuit Judge to succeed the late Judge Carnes, will deliver the address of the day at the Paw Paw homecoming celebration on Saturday. The Paw Paw people plan to make it a great day.

Miss Minnie Roe of Fort Atkinson, Wis., and Charles Roe of Rockford have returned to their homes after visiting over Thanksgiving at the home of Mr. and Mrs. Eugene Reuland.

WHERE EVERY MAID HAS A BEAUTY DOCTOR

Washington, D. C.—"There can be no doubt that today this drunken, diseased, hidden remnant of the Marquesan race is beyond redemption; and all the French colonial administration can do is to pursue its present policy of nominal supervision and let the natives die off as speedily as possible."

Such is the pathetic epitaph written by John W. Church, in a communication to the National Geographic society, of a people whose women were pronounced the most beautiful in the South Seas, whose dances were the most joyous, whose tattooing was a fine art, and whose island home was an alluring Eden before the white man came.

"To describe the dainty, graceful Marquesan as she unquestionably was, will, I fear, lay me open to the charge of exaggeration," writes Mr. Church.

"When women possess beautiful, luxuriant hair, fine eyes, perfect teeth, a slender, graceful form, a skin of velvet texture and unblemished surface, and these physical attractions are combined with a variety of spirit and action, exaggeration becomes difficult, and unless chroniclers of the islands have for several centuries agreed to deceive the world, such was the Marquesanne; and so she is today when sickness has not diminished her charm."

"I doubt seriously if a more carefree or contented maid ever existed. Her domestic duties were light and agreeable. The furnishings of her thatched shelter consisted of a few pandanus sleeping mats—nothing more. Outside on the stone platform was an assortment of bowls, crudely carved by the men in their intervals from warfare. These held poi, fish, fruit, or whatever of food might be prepared for the one daily meal."

"Then there were dainty coconut shells, ground thin and polished by rubbing on stone under water, often carved which held the coco oil and other preparations for the toilet, dear to the heart of the Marquesanne."

"I have mentioned the use of coco oil by the Marquesans. Probably no race ever attained a greater skill in the art of massage—certainly none ever practiced it more constantly. The oil was obtained by filling wooden bowls with the meats of broken coconuts and placing them in the sun. Into the oil thus drawn the intensely fragrant blossoms of pua or the seeds of the spicy, aromatic lime were thrown, scenting it with a delightful perfume."

"Men and women alike were daily massaged with this scented oil, every muscle being gently manipulated with a skill seldom found in a modern masseuse. Usually two or three hours were required for the operation. At its conclusion the skin was like velvet in texture, without a trace of oiliness. They treated their hair in a similar manner and the wonderful, luxuriant tresses were probably due to the attention given them in the use of coco oil and massage."

"Beyond the preparation of the single daily meal, her massage, and such tanning or mat making as desire or necessity prompted, the life of the Marquesanne was devoted entirely to pleasure. The quiet boys and tumbling strenuous maidens alike were almost amphibious. Even the babies were taught to swim before they could walk alone."

"Like all Polynesians, they were passionately fond of flowers, and many of their hours were spent in deftly weaving blossoms, leaves, and ferns into wreaths and necklaces to be worn during the day by their men and themselves."

"Both men and women were elaborately tattooed. The amount of decoration varied according to rank, additions to the original designs often being made later in life; but always the legs were tattooed from ankle to thigh, and necklaces and bracelets were worn on the arms and throats of the maidens."

"Much of the ornamentation of the women resembled fine lacework, and, as their skins were usually a light brown, some of them about the shade of old ivory, the delicate tracery of the tattoo stood in relief."

"The marriage of the Marquesan maiden to the youth of her choice was an interesting ceremony. A home for their occupation was built by their friends, and the various necessities for communal happiness placed therein."

"The maiden was taken in charge by several young matrons, to be massaged with perfumed oils and her hair and body decorated with wreaths and garlands of flowers. The youth was consigned to the ministrations of two older women, who rendered him a similar service, besides smoking him thoroughly with the fumes of sandalwood. At the

appointed time the scented and garlanded pair were escorted by the village to their fate, or but, where the king with much ceremony declared them tpu for two weeks."

"For the period of the tpu none might speak to them or in any way disturb their honeymoon. Food was left each morning on their terrace, together with baskets of flowers to be woven into wreaths and garlands by the happy couple."

SANDRA THE JEALOUS

By JANE PHELPS.

SANDRA REALIZES THAT SHE HAS DEVELOPED

CHAPTER CXXXVIII

Rose Kemp's very real troubles made my imaginary ones disappear for a time. When I was tempted to fret, or to give way to my jealousy the thought of her, her spoiled life, would steady me. Then too as Junior grew older I was captivated most of the time. My husband's social position demanded that we entertain a good deal, and of course we were entertained as well. Now he left all the details to me, instead of attending to them himself, with the assistance of Mrs. Gray.

"You have developed into a wonderful hostess, Sandra," he said after a large dinner party we had given. Everything had gone off smoothly, and I too was rather proud of my success.

"I am delighted if you were pleased," I said quietly. Little he knew how I longed for something more than his abn praise which he might have given to any one who had pleased him.

"You can be delighted, then, for I was very pleased. Even Leveridge, your life noir, complimented you. Said you were great."

"I am much obliged to Mr. Leveridge. Considering that he knows so much about such things, it was quite a compliment." We both laughed at my sarcasm, and nothing more was said, but I stood at the window, where I had waved goodbye to him and wished he would just once forget to praise so calmly, and love me as he had Leola.

"He never will. He'll never say those things to me," I murmured as I turned away, that note I had found so long ago still vividly in my mind.

Irma Barton was back. We had given her a dinner, and she had returned the compliment. She seemed very happy, and looked ten years younger—so Everett said.

We made up a little bridge club playing once a week, just five four. As I grew to know Irma, I saw how I had changed her in supposing she would be guilty of attempting to take Everett from me. She was the soul of honor. She never quibbled even when society women in general would perhaps have done so. And she was charming to me.

"I have made Everett over," she said to me once. "I rather thought you would. He is very much more entertaining than he used to be. A young wife was the best thing in the world for him. But tell me, didn't he have a few rag bones when I was married? I had a notion he had"—then, as she saw my expression, "don't tell me he has died them! That would be wonderful, considering his expressed aversion toward women who do such things."

"I mustn't mention it to him; he's awfully sensitive over it." I told her and claims he did it for my sake—so people would not think him my grandfather.

"She laughed heartily, then said: 'I'll not tell. I promise I won't. But, Sandra, he must be very much in love with you; very anxious to keep your affection, for him to do a thing like that—it is so foreign to him. I think you should feel flattered.'"

"He doesn't seem old to me now," I recalled the day so long ago when I had talked with Irma of Leola, and how I had wished I were older, more like her. Now she didn't seem so much older, or else it was because I had lost some of my own childishness.

"No, he wouldn't! You have grown wonderfully improved. You don't mind my saying so, do you? And Everett is terribly proud of you. He shows it in everything he says and does."

"I would rather he loved me more and was less proud," I trembled on my tongue, but I caught myself in time and said something about the longing I still had to know, of myself, that my husband loved me as he was capable of loving—as he had loved my predecessor.

TELL THE TRUTH

The meanest man from the viewpoint of a telephone company is the fellow who when called to account for not telephoning as he had promised to do, fibs about it and says he tried to get you and lays the blame for his failure on the telephone, when as a matter of fact he did not try to get you at all.

We have enough troubles without underserved ones.

INDIAN WARS ECHO
IN CHURCH DRIVEAGED BISHOP D. S. TUTTLE
BRINGS SPIRIT OF FRONTIER
TO MODERN BATTLE.

An echo of the Indian wars of the
late sixties, brought to date through
the lessons of modern war organiza-
tion in Europe, has been injected into
nation-wide campaign of the Episcopal
church by the Rt. Rev. Daniel Syl-
vester Tuttle, D. D., LL.D., bishop of
the Episcopal diocese of Missouri, who
at the age of eighty-two years is tak-
ing a leading part in the great cam-
paign.

Adventures of the "Buffalo Bill"
type filled the early life of this be-
nign octogenarian who rode, rifle in
hand, through Indian-infested western
plains.

Battled for Church.

Doctor Tuttle's home is now in St.
Louis. He is senior bishop of the
Episcopal church. As a circuit-rider
in the days of the fighting West,
when crossing the plains was a con-
tinuous battle, his adventures matched
the fictitious ones of modern film
favorites.

The present patriarch of America
braved the terrors of the plains in
1867, riding with rifle ready, to carry
the message of hope to the settlers of
Montana, Utah and Idaho. When
Deer Lodge, Mont., was being consumed
by fire, he poured buckets of water
upon a building in which was stored
enough powder to blow up the town,
and thus saved Deer Lodge. For 19
years he struggled against the doc-
trines of Mormonism in Utah, and yet
when he left Salt Lake City, he car-
ried away the respect of the Mormons
because he was a fair, though uncon-
promising, fighter.

An Athlete at Eighty-Two.

He is eighty-two years old, six feet
tall, still at athlete, and has been a
bishop since his thirtieth birthday,
having been elected before he was old
enough to take office.

Bishop Tuttle was elected honorary
chairman of the national committee
projecting the Episcopal church's na-
tion-wide campaign now in progress.
He called the membership to rally in
the following words:

"Summon the men. Call the women.
Forget not the children. Discipline
the recruits. Furnish the munitions
and supplies."

PERSHING SHOWS HE
CAN FIGHT FOR CHURCH

Local veterans of the American
Army and navy will be interested in
news received today that General
Pershing has accepted appointment of
membership on a committee to make
Holy Trinity Episcopal church, Paris,
"America's War Memorial Church in
France."

Request for \$400,000 to finance the
project was offered for inclusion in
the world budget of the nation-wide
campaign of the Episcopal church.
The Rev. Dr. Frederick W. Beckman,
rector of Holy Trinity, has raised
\$100,000 toward the plan from friends
of the church in Paris, and General
Pershing and associates will assist in
obtaining the additional \$400,000 re-
quired.

SUNDAY SCHOOLS WILL
STAGE MYSTERY PLAY

Episcopal Churches Plan to Give Chil-
dren a Part in Nation-Wide Cam-
paign Through Big Pageant.

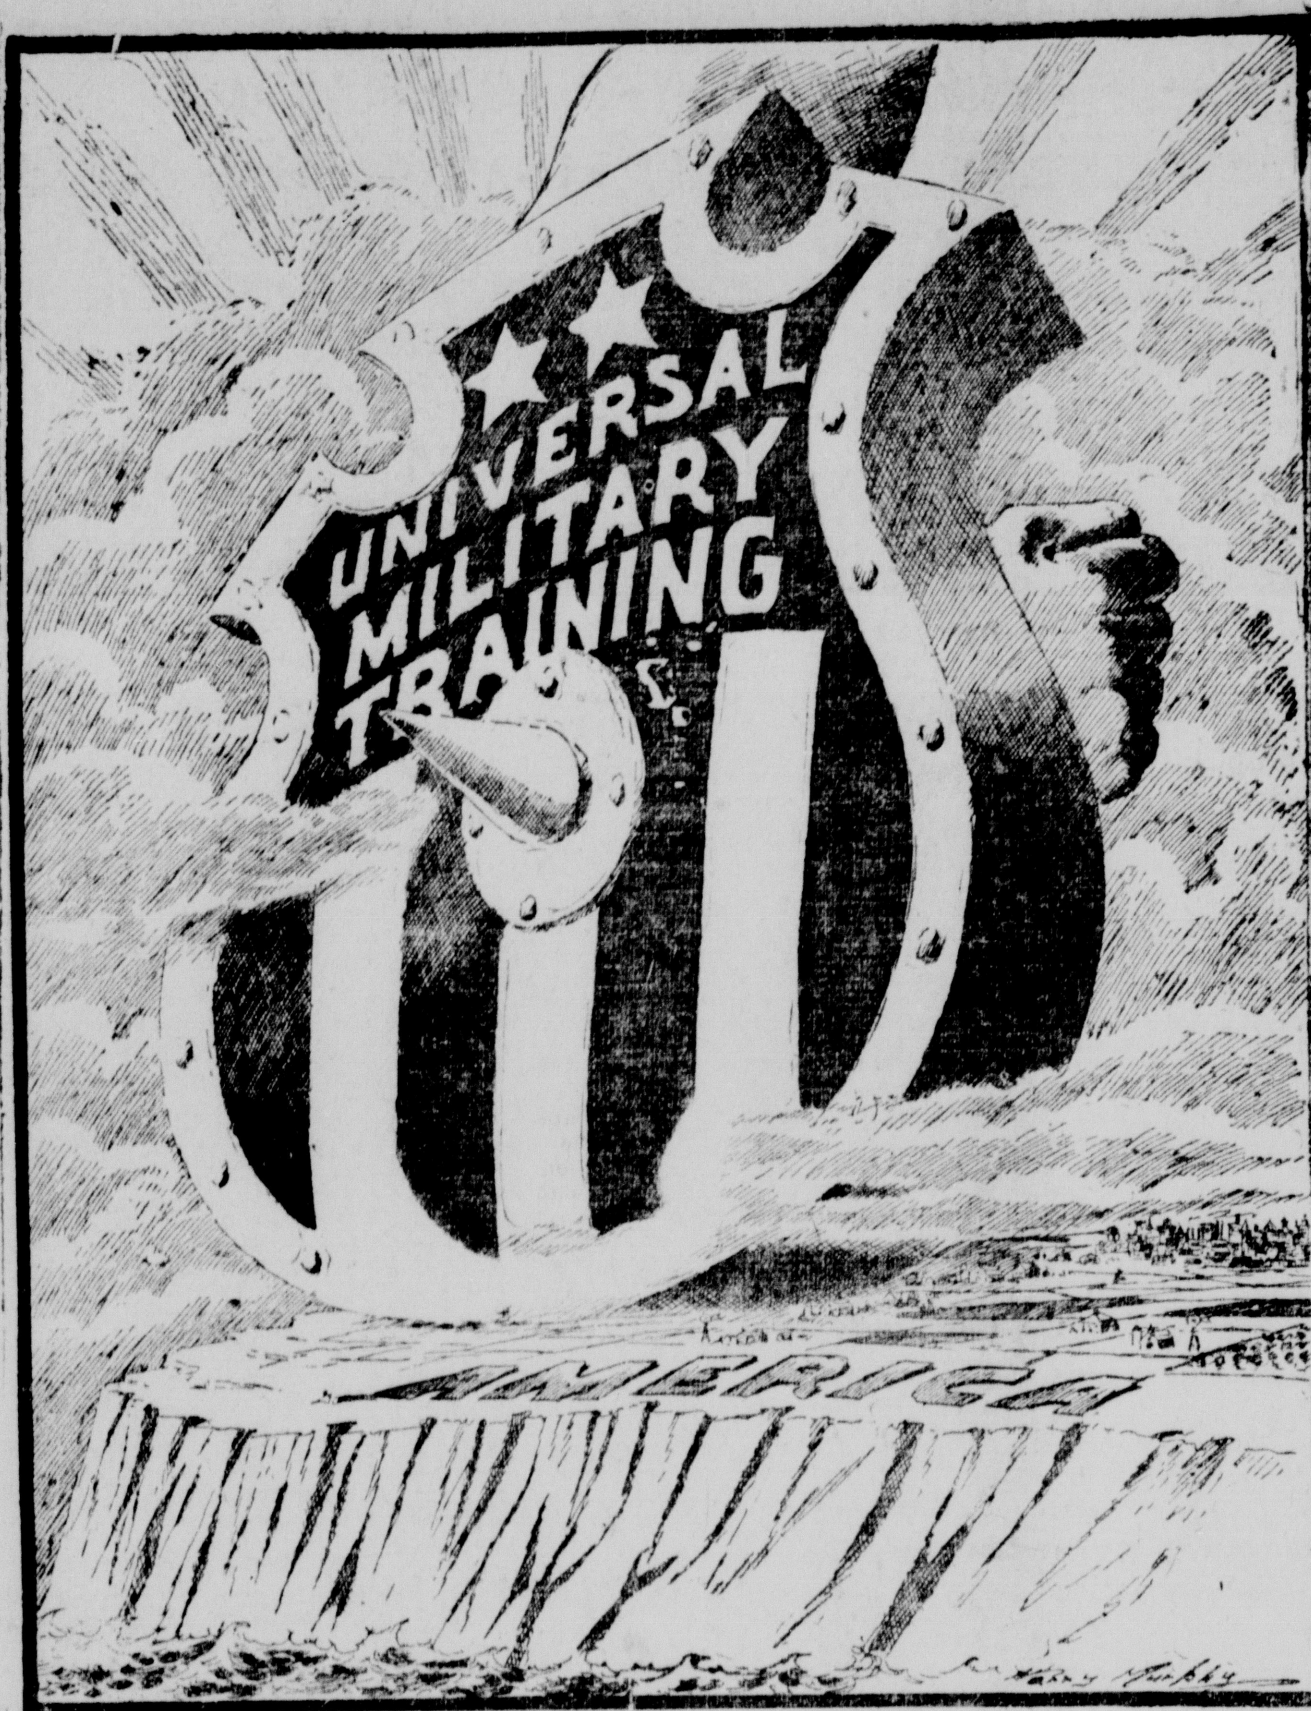

Episcopal churches in this vicinity
are planning to give the children of
their Sunday schools a part in the
nation-wide campaign of the church
and at the same time offer a tangible
lesson in church history through the
presentation of a mystery play. The
plan is for simultaneous production in
all the Episcopal Sunday schools of
the nation, in an effort to stimulate
interest in the campaign.

The mystery play was written by
the Rev. George Long, rector of St.
Paul's church, Warsaw, Ill., and ex-
ecutive secretary of the church's mid-
west province, which embraces Michi-
gan, Ohio, Indiana, Illinois and Wis-
consin. His "The Pageant of the
Church" presented at the general con-
vention three years ago, in St. Louis,
attracted widespread attention.

Garden of Eden in Mexico?

A prehistoric race that lived in Mex-
ico centuries before Cortez ever ar-
rived there to crush the power of the
Aztec kingdom, was a civilized people
who were flooded out of existence by
a deluge that swept the valley of Mex-
ico, as relics picked up near the capi-
tal city prove, and some writers assert
that Mexico was the site of the begin-
ning of man and that it was in this
valley that Noah set forth for his 40-
day tour of the flooded world.

Bees Distinguish Colors.

Experiments have shown that bees
distinguish different colors, but differ-
ent colors acquire significance for
bees when the insects have learned
that certain colors are associated with
certain nutritive advantages. The
bees are not "reflex machines"—they
are not compelled by any organic
chromotropism to prefer certain col-
ors to others. They accumulate ex-
perience and remember that certain
colors are associated with certain nu-
tritive benefits.

Our Different Worlds.

I once stood in a dome with different
colored glass in each window. Thus
four men touching each other might
each see a different scene; a red ocean,
a green city, blue fields, and yellow
mountains. A rare man might climb
to the top of the dome and see the
whole circle of the landscape under
the white light of a pure atmosphere.
But most of us look through one win-
dow, each upon a different world, each
world colored by our own individual-
ity.—Robert S. Barrett.

Proof of Biblical Truth.

Perhaps the most impressive fact of
record concerning disease in ancient
times is found in the Bible, in the
First Book of Samuel, where we are
told that the land where the Philis-
tines were was overrun with a plague
of rats or mice and that thereupon
the people were smitten with bubonic
plague to punish them for their seizure
of the Ark of the Covenant. Thou-
sands of years later our modern
science discovered that rats are the
chief disseminators of that pestilence.

Colorado's Wonderland.

The Garden of the Gods is a tract
of land, about 500 acres in extent, near
Colorado Springs, Colo. It abounds in
weird and fantastic pinnacles of red
and white sandstone, some of them
more than 300 feet high. Among the
chief features are the Cathedral
spires, the Balanced rock, etc. The
gateway of the garden consists of two
enormous masses of red sandstone,
330 feet high, sufficiently far apart
for the roadway to pass between them.

PROMINENT MEN LEAD
EPISCOPAL DRIVE

Men of affairs, whose names are
known throughout the United States
as synonymous with success in busi-
ness and professional activities and
whose leadership has brought success
in many of the widest activities of the
war period, have accepted appoint-
ment to the commission directing the
nation-wide campaign of the Episcopal
church, now in progress.

The commission was appointed at
the last general convention of the
Episcopal church, held in Detroit. It
is composed of five laymen, five bish-
ops and five presbyters. The laymen
are:

Henry P. Davison, chairman of the
American Red Cross; Arthur Woods,
formerly police commissioner of New
York, and later in the federal em-
ployment service for returned soldiers
and sailors; George Wharton Pepper
of Philadelphia, a leader of the Ameri-
can bar; Burton Mansfield of New
Haven, Conn., and Oliver J. Sands of
Richmond, Va.

The bishops on the commission are:
Charles P. Anderson, Chicago; John
G. Murray of Maryland, Arthur S.
Lloyd of Missouri, Frederick F. Reese
of Georgia and Charles Sumner Burch
of New York.

The presbyters are: The Rev. Ernest
M. Stires of New York, the Rev. Ed-
ward S. Rousmaniere of Massachu-
setts, the Rev. Dr. James E. Freeman
of Minnesota, the Rev. Dr. William H.
Milton of North Carolina and the Rev.
Dr. Frank H. Nelson of Ohio.

Work—the Staff of Life.

If you want knowledge, you must
toil for it; if food, you must toil for
it, and if pleasure, you must toil for
it. Toil is the law.—John Ruskin.

Bananas.

The banana is a perennial herba-
ceous plant, growing from year to
year from an underground root stock
with a stem or stalk from 10 to 15
feet high above the ground. The plant
has drooping leaves, but no branches
like fruit trees of the north countries.
Each stalk produces one large cluster
of fruit. After fruiting, the stalk is
cut down to the surface of the ground
and grows up again from the root.

DIXON HIGH SCHOOL'S RECORD FOR SEASON IS ONE OF FINE EFFORTS

Boys Showed Fine Spirit Against Some of the Very Best Teams.

By defeating Sterling in the final game of most successful season at the Brown Field Thanksgiving afternoon, the Dixon high school football team did themselves proud before a large crowd of enthusiastic spectators. Of the season's games played, four were won, four were lost and one tied. This is a record to be proud of, considering the fact that some of the best teams in the northern section of the state were met.

Every game was a battle royal which the respective scores indicate. The season opened with a no score tie with DeKalb. This game brought out the strong and weak points of the local team which showed in favor of the latter quality but with much football ability, the greatest need for improvement being in the back field. Prescott, Clinton and LaSalle were the next opponents from whom Dixon took three successive defeats. At this time the team took a spurt and defeated Sterling at Sterling, 13 to 0, this being followed by a victory over Geneva, by a score of 6 to 0. These games were marked by terrific driving by the heavy forwards wall and stellar headwork of Quarterback Jones.

Lost to Mendota
The following week the team dropped a hard luck game to Mendota at that place, 3 to 0. In this game they twice worked the ball to Mendota's five yard line only to be stopped by the time-keeper's whistle. The last two games against Princeton and Sterling were won by fast plays, both on the part of both the line and backfield, which showed a hundred per cent improvement over their work in previous games.

Captain Heinze and his men are to be congratulated on their excellent playing throughout the year. Working against many difficulties which confronted them such as having to travel two miles to the field every day and playing a long season, they showed a spirit which is small consolation to the fans. Much credit is due to some seconds, who being handicapped by lack of experience and weight stuck by the team and made many of the regulars exert themselves to the limit to hold their positions. Captain Mannon, Hersman, Annie Slothower and Mahon of the second team, among those who sacrificed even more in spirit than the men on the regular team. The loss of Carl Santee, who is still suffering from water on the knee received in the first Sterling game, John Roe, J. Davis and Dixon of the north side who were forced to retire because of ill health greatly crippled the team. But this handicap was partly balanced by the appearance of Wagoner, star of the back and end from the Macomb high school.

The Final Game
Sterling won the toss and chose to defend the east goal, thus giving them the advantage of a strong wind. Allen kicked off to the Sterling full back, who was downed almost in his tracks by Wagoner. Sterling was thrown for a loss by the local forwards, who held like a stone wall, and were forced to punt. Jones received the ball on the 40-yard line and returned it to the center of the field. The slippery condition of the field kept Dixon from opening up, so the game settled down to terrific plunging by Bremer, Wagoner and Captain Heinze. The Sterling line, although being outwitted, put up a scrappy battle and held Dixon for downs, after they had advanced it 20 yards. A punting duel resulted in which Bremer had the edge on his opponent although kicking against the wind. The quarter ended with the ball in Sterling's possession in their own territory. Score 6 to 0.

Second Quarter
In the second quarter, Sterling became careless and attempted several forward passes. This poor conclusion on the part of their quarterback was partly responsible for their defeat. Allen playing at defensive half back intercepted one of Sterling's offerings on the 40 yard line and carried the ball 15 yards before he was downed. With only 25 yards to go nothing could stop the fighting Dixonians. Nelson Hutchinson, Ives and Annie made the path through the center of Sterling's wall for the speedy backs who advanced the oval to Sterling's three yard line. On the next play, Ives made the hole and Heinze went over for the only touchdown made in the game. Allen missed the goal by inches from a very difficult angle.

Senneff replaced Downs at end and play was resumed. Sterling continued their aerial tactics but fast work by Heinze, Bremer and Allen prevented them from completing a single pass while the charging and tackling of Hutchinson, Ives and Wagoner made life miserable for all who attempted to oppose them. No further points were made in this frame. Score at end of first half, Dixon 6, Sterling 0.

Second Half
The second half resulted in the same style of play as before, both teams coming back stronger and better. At no time was Sterling within striking distance of Dixon's goal. While the locals continued to smash Sterling's line for steady gains, Bremer, Heinze, Wagoner and Jones alternating at carrying the ball. Allen also skirted the oval for two ten yard runs. This half was by far the most heroic. The old Sterling Dixon rivalry erupted back into the men and it was necessary to take time out for injuries. Bremer, whose nose was broken in practice one week ago, had it reinjured in the first quarter but refused to leave the game, thereby showing one of the greatest cases of nerve and fight ever seen on a Dixon team. Jones and Wagoner were both playing with injured ankles but refused to let these handicaps prevent them from playing a star game.

The game ended with no further scoring by either team, leaving the count 6 to 0 in favor of the locals.

It would, indeed, be a hard task to pick out the individual stars of the game. Dixon had a good eleven men and captained by a man who did justice to his position. The work of Heinze on the defense was one of the features while the line plunging by Bremer and Wagoner will not be forgotten soon. At an, while his tackling and running back punts was nothing short of remarkable for one of his size and weight. In the line the honors were evenly divided between Ives and Downs at guard and Allen at end was a feature. Attender finished his career in a manner that his

school may well be proud of while Annie S. Hutchinson, Senneff, Slothower and Hersman are worthy of much praise for their efficient work. The lineup for the final battle was as follows:

| Dixon | Sterling |
|---------------|--------------|
| Allen | R E Stoddard |
| Altenderfer | R T Angell |
| Annis | R G Zeller |
| N. Hutchinson | C Conrad |
| Ives | L G Eyre |
| S. Hutchinson | L T Kotin |
| Downs | L E Carlson |
| Jones | Q B Turnor |
| Wagoner | R H Keefe |
| Heinze | L H Greyson |
| Bremer | F B Gebhardt |

Football Claimed 11 Lives During Season

Chicago, Nov. 29. — Football, the roughest of American outdoor sports, claimed five victims during the 1919 season, which closed with Thanksgiving Day games, according to reports to The Associated Press today. The number of deaths—the lowest in years—was five less than in 1918 and seven under the toll of two years ago. There were 15 lives lost during the 1916 season, and 16 in 1915.

Development of the open style of play is mainly responsible for the decreasing number of fatalities, in the opinion of gridiron experts.

Virtually all of the victims of the 1919 season were players not participating in games conducted under strict physical requirements. Defenders of the popular college sport pointed out that with one exception the victims were high school players who entered the games without expert training.

The smaller number of fatalities this season was declared to be remarkably, the experts said, as the game was played more extensively than even before pre-war days.

Carpentier Has Best of Money Rate in Bets

By Associated Press Leased Wire

Paris, Friday, Nov. 28. — Georges Carpentier will have a powerful ally fighting for him when he faces Joe Beckett at Holborn Stadium on Dec. 4—the rate of exchange. Carpentier will receive 5000 pounds, win, lose or draw, according to unofficial reports. At the normal rate of exchange, this would mean the French champion would receive about 125,000 francs but the exchange rate as it is at present, running at about 40 francs to the pound, Carpentier's share will amount to almost 200,000 francs.

Carpentier has wagered 2000 pounds, or approximately the difference between his share under normal rates and at present.

"I am betting velvet, just plain velvet, on the fight," says the Frenchman.

DEKALB PAPER GIVES DOMER NICE MENTION

Concerning Domer's bout with Paul Martinson at DeKalb Wednesday night, in which the Dixon man, wrestling with

an attack of tonsillitis was beaten, the DeKalb Chronicle says.

Domer was considerably outwitted by his wily opponent. Despite the severe handicap he put up a courageous battle and forced Martinson to extend himself to win.

On account of the fact that the principals were not evenly matched the bouts were devoid of interest and from the very first it was clearly seen that Martinson would be the victor.

Domer took the defensive from the beginning but at times got behind the big Dane and attempted to throw his opponent. The superior strength of Martinson came in good stead and he had little difficulty in breaking the holds.

Although knowing full well that he was going up against a tough proposition, Domer never hesitated about mixing things. His gameness and staying ability soon won the favor of the crowd and he was cheered to the echo at every opportunity.

BIG WRESTLERS COMING

On his return from DeKalb Wednesday night, where he met Paul Martinson, headliner among Chicago wrestlers, Floyd Domer of this city announced that he has secured the promises of Jack Sampson, Martinson and Steve Savage, all top notchers, for matches in Dixon during the coming winter.

GREAT GAME TOMORROW

Reports from Sterling are to the effect that if the weather is favorable a big crowd of fans will come to Dixon tomorrow with the Sterling Tornados, who will attempt to avenge the defeat they suffered at the hands of the Dixon Heavies at Sterling last Sunday. Several college players are expected to appear in the lineup of each team in tomorrow's contest, which will be staged at the Brown Shoe Co. park at 2:30 o'clock.

U. S. Prohibitionist Has Had Eye Removed

By Associated Press Leased Wire

London, Uov. 28.—William E. Pusyfoot Johnson, the American prohibition worker, whose right eye was removed last night, spent a comfortable night and with the exception of the effect of the anaesthetic administered for the operation, was feeling well this morning. Surgeons said today that the operation was necessitated by an injury to Mr. Johnson's eye on Nov. 13, when he was roughly handled by a crowd of students.

SPAIN BREAKS WITH REDS

By Associated Press Leased Wire

Madrid, Thursday, Nov. 27.—Spain has broken off all relations with the Soviet government of Russia it was announced in the Cortes today by the minister of foreign affairs, who said this step had been taken because the Spanish embassy in Petrograd has been twice attacked and the charge d'affaires forced to leave Russia. Socialist Deputy Savorin protested against this action, which he declared to be "tyrannical."

PEOPLE'S COLUMN

THE PHYSICIAN'S EXAMPLE

Editor Telegraph—The following is by Dr. D. H. Hess.

Some time ago while conducting a free clinic at Harpers Hospital of Detroit, I was introduced by a resident physician friend of mine to a local physician, who was engaged in rolling a cigarette. The doctor looked up and apologized, or rather justified his course by saying: "Well, doctor, if I had a son I would not smoke—smoking is bad for boys." To which I replied: "But, my friend, other men have boys." Possibly it had not occurred to him that his example as a physician had an influence on other men's boys.

That very morning, while speaking to about 1500 bright fellows at the Central high school on the evils of cigarette smoking, a number of them crowded forward at the close and said: "Doctor, what you have said appeals to us, but why do so many doctors smoke?" All I could say was that doctors were fallible and faulty the same as other men, possessing no more power than they possessed, and that doctors often knew better that they did what more could I say? The young lads were influenced by the example of the learned medical men. One had example often counteracts many good precepts.

If physicians could be induced, if not for their own sake or the sake of posterity, for the sake of their influence upon the boys and young men in their community, to give up smoking, it would go a long way toward suppressing the cigarette evil among them, and it would certainly make it easier for fathers, mothers, ministers and teachers to keep them or lead them, away from this evil which is so ruinous to the coming generation.

Seventy-five to 90 per cent of the children born in this country are defective. Couple that with the fact that from 75 to 90 per cent of the children, both boys and girls, are born of tobacco using fathers and you have, to some extent, cause and effect. The three greatest causes of degeneracy are liquor, tobacco and venereal diseases, and tobacco affects by far the largest number. "He who helps a child helps humanity with a distinction," Phillips Brooks. "What about the men who teaches children to smoke by example?"

Our methods of helping future generations seem very inconsistent when it is claimed on authority that one-half of our physicians use tobacco, and tobacco is allowed and used in one-half of our hospitals.

Tobacco is entirely unnecessary to the development and refinement of the race, yet about three dollars is spent for it to one of education.

Says Machine Guns Will Bring Hapsburgs Back

By Associated Press Leased Wire

Paris, Nov. 28.—(Havas)—Prince Ludwig Windisch-Graetz, former Austrian friend without portfolio and intimate of former Emperor Charles, is reported to have declared in Berlin that the re-establishment of the Hapsburg dynasty is only a matter of machine guns, the emperors not being able to prevent it," according to a dispatch received here from Geneva.

Virgil Underhill, of Ohio, attended the Elks' bazaar and dance here Thursday evening.

WANTED—COPIES OF NOV. 28th AT THIS OFFICE.

SOLDIERS CAN RENEW POLICIES

A series of decisions issued by the Director of the Bureau of War Risk Insurance with the approval of the Secretary of the Treasury provides more liberal conditions for reinstatement of lapsed or canceled insurance.

The provisions of Treasury Decision No. 47, allowing eighteen months from the date of discharge for reinstatement upon payment of only two months' premium on the amount of insurance to be reinstated, are retained. The decision is liberalized, however, by a new provision that men out of the service are permitted to reinstate by merely paying the two months' premiums without making a statement as to health at any time within three calendar months following the month of discharge.

After the three months following the date of discharge have elapsed, a statement from the applicant to the effect that he is in as good health as at the date of discharge or at the expiration of the grace period, whichever is the later date, will be required together with a written application for reinstatement and the tender of two months' premiums on the amount of insurance he wishes to reinstate.

In order to give all former service men whose insurance has lapsed or been cancelled, a fair chance to reinstate their insurance, including men who have been out of the service eighteen months or more, and who are therefore barred from reinstatement under the former ruling, a special blanket ruling is made which allows all ex-service men to reinstate their insurance before Dec. 31, 1919, provided that each applicant is in as good health as at date of discharge or at expiration of the grace period, whichever is the later date, and so states in his application. Of course it is necessary that he tender the two months' premiums on the amount of insurance he wishes to reinstate.

Service men who reinstated their insurance by payment of all back premiums prior to July 25, 1919, when the decision requiring payment of only two months' premiums went into effect, upon written application to the Bureau may have any premiums paid in excess of two applied toward the payment of future premiums. For example, if after a policy had lapsed for six months, a man reinstated and paid six months' premiums, instead of two, he may secure credit for four months' premiums.

The provisions for reinstatement do not protect a man until he actually reinstates. If he waits he may not be in as good health as he was at the time of discharge and consequently may not be able to secure reinstatement.

The CHENEY
The longer you play it the sweeter it grows

New heights in the art of tone reproduction have been reached by The Cheney.

A series of inventions which apply acoustic principles never before adapted to the re-creation of music, gives The Cheney a quality and richness of tone altogether unrivaled.

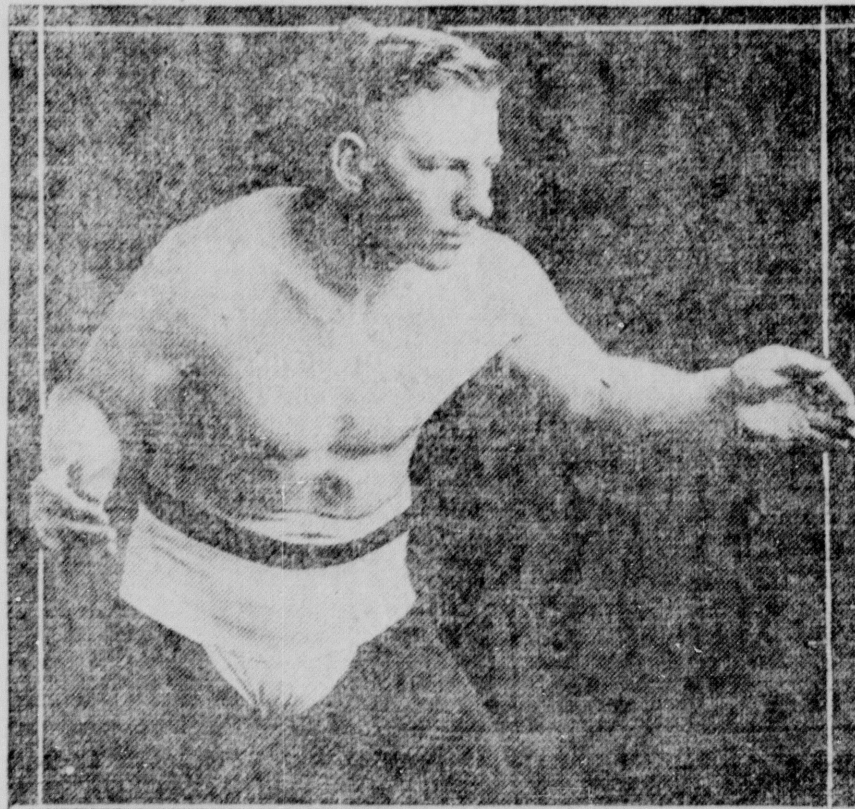

Those qualities which give the violin its serene purity and the pipe organ unmatched richness in its music have worked new wonders in The Cheney. And just as a violin grows sweeter with the years, The Cheney enhances in total value the longer you play it.

Regular Models are priced from \$85 to \$365

URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a glass of Salts if your Back hurts or Bladder bothers you—Drink more water.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

DRINK HOT WATER BEFORE BREAKFAST
Says you really feel clean, sweet and fresh inside, and are seldom ill.
If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.
Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.
Those subject to sick headaches, hiccups, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.
The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

3 WAYS TO KEEP YOUR CAR AT ITS BEST

Neglect, more than wear and tear, kill the qualities that first made your car a pleasure and comfort. Not intentional neglect, but just because you didn't have the necessary remedies at hand.

Here are three AD-EL-ITE Auto Specialties for you to buy and use when the car needs them.

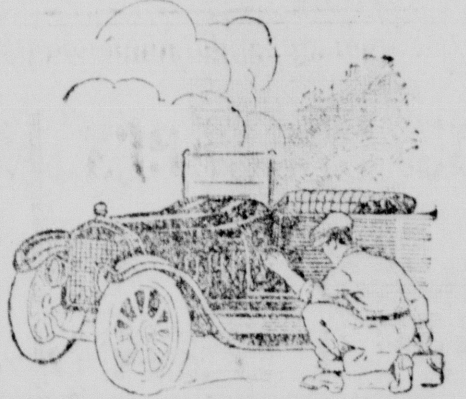

FOR TROUBLESOME MOTORS

You can't stop the carbon from forming, but you can prevent trouble by getting rid of it.

AD-EL-ITE Motor Carbon Remover makes it a quick, simple job. Pour a little in, start the motor, and in a few moments your trouble will be over. No lay up.

Cleans out the hardest carbon without damage or danger. It cannot injure metals.

Thoroughly removes carbon and the cause of knocking, back-firing, valve trouble, fouled plugs, hard starting, missing, and a waste of from 10 to 25% in gas and oil.

OLD CARS MADE LIKE NEW OVER NIGHT

You will take more pride in your old car if you renew its youth and beauty yourself.

AD-EL-ITE COLORED VARNISHES

are easily applied and give splendid results for the owner who does the job at home.

The finish dries over night. Dust free—many attractive colors. Gives an economical lasting finish and does not streak or lap. Economy and perfection combined.

FOR LEAKY RADIATORS

AD-EL-ITE Leak-Seal is a scientific preparation which stops little leaks in your radiators that appear without warning, and makes it tight as a drum.

Absolutely harmless and free from glue, cement, etc.

Cleans away all rust and scale.

Accomplishes a quick, permanent repair.

Bobby's Suggestion.
Bob was out visiting his aunt at a lake with his grandma. One evening he suddenly decided that he wanted to go home to mother. His grandma told him there were no trains and he couldn't possibly go that night. He said: "Well, grandma, can't you put me in a box and send me parcel post?"

Mr. and Mrs. W. B. Clark, of Chicago, are guests over the week-end at the home of Mr. and Mrs. T. Wilbur Leake.

—Many of our leading society ladies thank Parisian fashions for their beautiful hair. "Use it two or three times a week," says druggists Towland Bros., "and it will make the hair thick and beautiful."

Brief Summary of Last Night's News

By Associated Press Leased Wire

MEXICO CITY.—There is no foundation to the rumour that there has been fighting here between factions of President Carranza and Gen. Obregon.

MINNEPEG.—Mayor Charles F. Gray, citizens' candidate was re-elected over S. J. Farmer, candidate of the labor party.

GENEVA.—King Alexander of Greece has been exiled as a result of the recent plot against Premier Venizelos, according to an unconfirmed report.

PARIS.—The Supreme Council adopted the British suggestion for partition of the German war fleet which gives Great Britain 70 per cent of the total tonnage.

SOCIETY.
THANKSGIVING GUESTS.
Mr. and Mrs. William Eckert and daughter, Mary Jane, were Thanksgiving guests at the home of Mr. and Mrs. Joseph Tappan, 415 Swiss St.

TO LONG BEACH, CAL.
Charles W. Ross and family, of Amboy, have gone to Long Beach, Calif., to spend the winter.

AT F. KEELEY HOME.
Mr. and Mrs. Frank Keeley had as their guests at a Thanksgiving dinner Mr. and Mrs. Albert Spiller and son, Albert, Mr. and Mrs. Jason Duis, Mrs. Nina Shank, of Dixon, and Mrs. Mary Hood, of Milwaukee.

World's Finest Olive Oil.
The olive oil produced in the region of Bordeaux, France, has a lightness, a perfume, and a particularly delicate flavor which have given it a world-wide reputation and made it an important article of export and a source of wealth for its producers. Most popular is the oil from Nice imported under the Bordeaux trade-mark.

Close Relationship.
One day when our insurance man came in he asked how old the dog was, and when he was told he turned around to ask how old his little sister was, and before my brother had a chance to answer him my sister said, "The dog is as old as me. Me and him is twins."—Exchange.

Deadly Arabian Sirocco.
The sirocco or sand storm of the Arabian desert is exceedingly treacherous. It often digs pits two hundred feet deep, scattering the sand for miles around.

Ineffective Hoilering.
"De man dat hollers abt his bein' jes' as good as any other man," said Uncle Eben, "mos' generally ain' doin' enough useful work to prove his argument."
